

League Rules

A GENERAL

1. Matches must be played according to AENA rules.
2. No team may take the court with fewer than five players and each team must provide a qualified umpire.
3. The Umpiring Secretary reserves the right to use any League fixture for testing of umpires for an AENA award.
4. League fixtures must be played on the afternoon (i.e. from 11.00 am onwards) of the date specified by the League Secretary. Earlier fixtures for that date may be played by mutual agreement only.
5. League fixtures to commence at a date agreed by the Executive but not before the third Saturday in September.
6. Both home and away fixtures against the same opposition must be played as separate games.
7. Clubs with two or more teams in the same division must list their teams in priority order and appoint named players accordingly. (e.g. Cheltenham Ladies = 1st Team, Cheltenham Stars = 2nd Team).
8. The home team must inform the visiting team of the match arrangements, **AT LEAST 8 DAYS BEFORE (FRIDAY)** the match, and receive acknowledgement. Matches can be played prior to the date specified if **MUTUALLY CONVENIENT**.
9. The League Secretary must be informed of any rearranged fixture.
10. The game must start within 15 minutes of the time specified by the home team, even if this means a team playing without 7 players. If a team does not appear at the proper venue within these 15 minutes the opposing team may claim the points.
11. a. (i) Each club team shall declare up to twelve players, a captain and an umpire prior to the start of each League Match, by clearly printing their names and affiliation numbers on a result sheet. Club teams may only use those players whose names appear on the result sheet.

(ii) The result sheet shall be completed as per the instructions supplied with the sheet.

(iii) The declared result sheet shall be handed to the Official Scorer, who may be the Umpire, prior to the start of the Match. Umpires should then check both cards for errors and amend as necessary.

- b. After the game has finished Captains and Umpires must sign their names on both result sheets.
- c. The result sheet represents the official score of the match and once this has been signed by both Captains and Umpires no complaint can be lodged. Captains and Umpires must check the final score is correct.
- d. Each team is responsible for entering the match result, **both**:
 - (i) on the GCNA web site, by 18.00 on the Monday following the fixture, **and**
 - (ii) by submission of the completed result sheet to reach the League Secretary within 28 days. If only one fully signed result sheet is received by the League Secretary this will be recorded as the result.

In the event of extreme technical difficulties, an e-mail, telephone call or text message may be acceptable. If a club has no means of submitting a result electronically, a specific arrangement shall be made with the League Secretary.

- 12. a. The points system shall be:

5 points	awarded to the team winning the match.
5 points	to the team conceded to.
5 points	awarded to the team playing a team who commit an infringement in that match (goals remain as played).
3 points	awarded to each team for a draw.
2 points	awarded to the team losing by less than 5 goals.
1 point	awarded to the losing team if their score is more than 50% of the opponent's goals.
0 points	awarded for a loss of 50% or less of the opponent's score.
-3 points	for a team conceding a match.
-3 points	for an infringement of a League Rule (goals remain as played).

Where an infringement of a League Rule occurs, the result of that particular game will be null and void and any points awarded to either team, in respect of that particular game, will be taken away. Points as detailed above will then be awarded.

- b. Treatment of points/goals for conceded games:

Team who concede the match	-3 Points
Team who are conceded to	5 Points awarded immediately

At the end of the half-season to which the match relates goals will be awarded, based on that half season, as follows:

Goals (for and against) will be calculated to establish the average for this team for that half of the season.

e.g. a team having 420 goals for and 189 goals against from 8 played matches will have:

a goal average for of 52.5 (*rounded up to 53*)
 a goal average against of 23.6 (*rounded up to 24*)

These two averages will be added to the existing goals to give a total for the nine matches for that half of the season of 473 goals for and 213 goals against.

A new column (C2) will be inserted into the divisional table showing how many matches have been conceded in that half of the season, i.e. goals yet to be calculated.

13. The Executive Committee shall determine entry fees.
14. Any queries regarding these rules and fixtures must be sent in writing to the League Secretary.
15. THE EXECUTIVE COMMITTEE HAS THE RIGHT TO MAKE A FINAL DECISION.

30. If a match, once started, has to be abandoned, the time left to play and the score at the time of the abandonment must be noted by the Umpires. If the match is able to be restarted and finished in the time available, this must be done. If the match is unable to **continue the** score at the time of the abandonment shall stand as the final score unless less than 30 minutes playing time had been completed. In this case, the match must be rearranged notifying the League Secretary. If bad weather persists, the Umpires in consultation with the Captains should decide to abandon the game.
