

England Netball's guidance on sunglasses and participating in England Netball activities

The following directive has been agreed by the EN Rules board in relation to the wearing of Sunglasses whilst participating in England Netball activities

Sunglasses should not normally be worn when participating in Netball activities. However, sunglasses may be worn for genuine medical reasons when participating in recognised and authorised EN netball activities. If sunglasses are required for genuine medical reasons, then an appropriate medical certificate must be supplied to England Netball (or the appropriate league, county or region)

If a player / coach / official has to wear glasses for medical reasons then she / he is fully insured from an EN point of view. However if the glasses become damaged due to a netball accident then these are not insured.

This guidance applies to Netball Activities within England Netball only
